Standard Product Order Numbers

Reach	1 Qt./Hr	1 Gal./Hr	Repl. Belt
8"	37150	37151	31610
12"	37160	37161	31611
18"	37170	37171	31612
24"	37180	37181	31613

MSB-A System includes Timer, GFI, Handle and Trough Extension Hose!

Mini-Skimmers™ with stainless steel belts have all stainless metal parts (gearmotor excepted). The belt scraper is UHMW bearing-grade polymer to minimize wear. Drive pulley is glass reinforced nylon. Standard units reach -8x, 12x 18x or 24x down from the mounting base. A stabilizer bar for the tail pulley is included - helpful in turbulent tanks! The motor is covered with a stainless sheath-type cover and is provided with a 6 foot cordset. 115/1/60 is standard.

220-/1/50/CE motors and other size belts (3x to 20x) are available. With belts longer than 24x reach, a special tail pulley with higher sides with a retainer chain is used in place of a stabilizer bar.

-MSB-A Standard Series Mini-Skimmers™ include all the accessories that you may need - a Timer for automatic operation, a Ground Fault Interrupter for electrical safety, a Handle for portability and a 2 ft. trough Hose Extension for easier oil collection. Mini-Skimmers™ without accessories will be quoted upon request.
